Sally's property damage to the kitchen and other parts of the dwelling would be covered under her DP-3 policy, Coverage A—Dwelling up to the limits specified in the Declarations page. Except for the \$500 cash (money is excluded), her personal property including the silverware and dishes would be covered under Coverage C—Personal Property on an actual cash value (ACV) basis up to the limits specified in the Declarations page. The DP-3 other coverage for reasonable repairs would cover the cost of the tarp that Sally purchased and any cost to attach it to the roof (if within the Coverage A limit), and the fire department service charge would be covered up to \$500.
